ABOUT ME

Hi. I'm Negar.

I have been tremendously passionate about art my whole life. I enjoy creating and designing wholeheartedly. Nothing has been able to reduce my enthusiasm so far.

When it comes to designing, I'm always a hard-working, energetic person who is eager to learn new skills and further expand her knowledge.

I have always regarded punctuality as a crucial trait for me to have; therefore, I'd say that I'm great at time management and being loyal to deadlines.
